

10 Yaese Town THE SOUTHERN LINKS GOLF CLUB

LONG COURSE

One of the biggest links courses in Okinawa that spreads on a cliff of over 40m, in a spectacular location that resembles Pebble Beach.

Subtle undulations formed by the wind and waves and natural hazards that do not allow any easy compromise will require a dynamic, careful challenge. Players will be stimulated by 2 famous holes that require a shot across the sea, as well as by 7 ponds of different sizes and creeks in the lower inland area.
